## FINAL YEAR GICU TIMETABLE

WEEK THREE	Monday	Tuesday	Wednesday	Thursday	Friday
AM (08:00 – 12:00)	Present to GICU at 8am Introduce yourself to consultants on-call Shadow FY1/2/SHOs  10:30: Attend sit down ward round in ICU seminar room	Shadow FY1/2/SHO 08:00 Spend time with assigned patient  10:30: Attend sit down ward round in ICU seminar room	08:30 M+M in ICU seminar room  09:30: ICM Tutorials <sup>3</sup>	Shadow FY1/2/SHO 08:30: Teaching in ICU seminar room  09:00: Spend time with assigned patient at bedside	Shadow FY1/2/SHO 08:30: Journal Club in ICU seminar room  10:30: Attend sit down ward round in ICU seminar room
PM (12:00 – 17:00)	Assigned patient to follow for the week <sup>1</sup> Work with FY1/2/SHOs	Work with bedside critical care nurses		Ward work with medical team. Present patient, get CBD +Mini-CEX signed off <sup>2</sup>	Ward work with medical team. Present patient, get CBD +Mini-CEX signed off <sup>2</sup> <b>Sign Off</b>

<sup>1</sup>You will be expected to present this patient at the end of the week (Thurs/Fri) to a senior member of the medical team and have your CBD signed off. You will be assigned this patient by one of the Consultants on-call. If your patient goes for any procedures or scans – you should be able to follow them if you wish, please discuss with the team. You will not be expected to present at the sit down ward round.

<sup>2</sup>This is likely to take place on Thursday or Friday afternoon and will very much depend on the acuity of the unit at the time, it will usually be done by the 2<sup>nd</sup> on (or Green) ICU Consultant but this will depend on how busy the unit is.

<sup>3</sup>You should attend all of your tutorials outside of the unit – the Consultants on the unit(s) will not necessarily be aware of them. You do not need permission to leave the unit to attend them.
